

MISS MUSTARD SEED'S[®] MilkMix-EZ[™] Anti-Foaming Agent

INGREDIENTS

Food-grade additive

HOW TO STORE IT

Store in a cool, well ventilated area, out of direct sunlight. Keep containers tightly closed. Store in a dry location away from heat. This product is FLAMMABLE.

HOW TO USE IT

Mix MilkPaint[™] powder with water (follow instructions). After mixing, add 2-4 drops of MilkMix-EZ[™] per 16 oz / 473.20 ml of mixed paint. Stir into the solution and the bubbles dissipate. When used at the recommended amounts, it will not negatively affect paint adhesion.

KEY FEATURES

- No VOCs
- Low Odor
- Food-Contact Safe
- Eliminates bubbling and foaming when mixing MilkPaint[™] (electric mixer and shaking).
- Improves smoothness of MilkPaint[™].

ADDITIONAL TIPS

- MilkMix-EZ[™] Anti-Foaming Agent helps the powder pigments disperse more easily into the water; making mixing easier on colors that are difficultly mixed.
- MilkMix-EZ[™] Anti-Foaming Agent breaks surface tension to allow faster mixing and the proper texture of paint for application.
- Add 2-4 drops of MilkMix-EZ[™] Anti-Foaming Agent agent per pint of mixed MilkPaint[™].
